Vitrium Security Pro: How It Works

Vitrium offers different solutions you can choose from depending on your particular workflows and distribution needs.

Vitrium Pro:
The DRM solution tailored to your specific needs!

With Vitrium Security Pro, reap the full benefits of Vitrium's content protection software while keeping the process simple.
Easily distribute protected content to authorized users, select different levels of protection & assign different permissions to different users or groups.

With Vitrium Pro:

✓ Upload Multiple Content Types

✓ Add Users & Create Groups

✓ Use DRM to Protect Files

✓ Easily Distribute Protected Content

The Vitrium Process: Step By Step

Original Files → **Encryption Process** (Vitrium Admin App) → **Protected Content** → **SSO Access** (Vitrium User Portal) → DRM Policy 1, DRM Policy 1, DRM Policy 2, DRM Policy 2

https://view.yourdomain...

✓ Upload original files to the Vitrium Admin App

✓ Files are protected with AES encryption

✓ Output is a protected PDF or an HTML5 file accessible via our web viewer

✓ Add users & groups manually or via CSV import

✓ Choose your settings: watermarks, content settings, & DRM policy settings

✓ Assign DRM policies to users & groups of users

✓ Choose your preferred method of distribution: via our user portal, or as a link in an email

✓ All original & protected files stored by Vitrium

The Vitrium Process: What Do You Get?

With Vitrium you get a robust & easy to use DRM software. Secure your content, share it with authorized users, and protect your bottom line!

✔ Have peace of mind knowing your content is secure

✔ Gain confidence knowing your bottom line is protected

✔ Feel relief knowing your IP won't be tampered with

✔ Feel satisfied knowing users don't need plug-ins or apps

✔ Feel pride knowing users will have an excellent journey

The Vitrium Process: What Do You Get?

Whatever Vitrium solution you choose, we give you complete control over your digital content and the freedom to securely distribute it.

- ✓ Strong protection & encryption of multiple file formats

- ✓ Secure content distribution through a method of your choice

- ✓ Seamless user access without plug-ins or apps

- ✓ Advanced tracking & analytics capabilities to get insight on your users and content

About Vitrium

Vitrium delivers content protection and digital rights management (DRM) software to companies that need to protect their videos, documents, images, and audio files.

With over a million end users worldwide and a range of solutions that empower businesses to protect, control, and distribute their content in different ways, Vitrium is the preeminent choice for businesses, government, educational institutions, and content providers across the globe.

Vitrium was the first DRM provider to focus on a "no plug-in, no proprietary apps" approach and this is still the #1 reason why customers choose Vitrium over other solutions.

Protect Your Content. Protect Your Business.
